ITEM NUMBER 03 - PROJECT STATUS BOARD MEETING OCTOBER 27, 2021

- 1. North Harbor Building Listing: As of December 28, 2020, Mahoney & Associates was given notice that the contract they had with the Harbor District for the listing of the North Harbor Building was expired and that their services were no longer required. As of now, the Harbor District has no listing agent for the building and the General Manager has been working with interested parties in the hopes of securing tenants at the building. The Board of Harbor Commissioners may choose to explore the options related to the representation of the new building listing by a real estate professional and if so the General Manager will take appropriate action once given direction from the Board.
- 2. North Harbor Inn Project: The Real Property Committee has met with a potential developer who may be interested in development of the 30 room inn and has also met with another business owner who may be interested in different development of the property should the District choose not move forward with the Inn project. We currently await additional information from both parties and the Board will be updated once new information is available.
- 3. Cannery Building HVAC and Penthouse Mechanical Room: 3 HVAC units at the Cannery Building are in need of replacement. The units are, and have been, quickly deteriorating due to the salt air environment here in Moss Landing. In an effort to prevent future units from deteriorating so quickly, staff is proposing a penthouse mechanical room be built to house the new units protecting them from the environment. This will reduce maintenance costs and extend the overall life of the new units. Staff hired Wald Ruhnke & Dost Architects (WRD) to render plans for the penthouse mechanical suite which will be used for permitting and the notice inviting bids for the project. The project plans were completed by WRD and have since been submitted to the Monterey County Planning Department for review and staff awaits the issuance of a permit so that they can proceed with the project.
- 4. <u>Demolition of Pot Stop Building:</u> The former Pot Stop building located in the Moss Landing North Harbor has been vacant for a number of years due to its dilapidated condition. As previously discussed with the Board of Harbor Commissioners, staff plans to have the building demolished later in the year, sometime prior to Winter 2021. Plans for the project were completed and sent to the Monterey County Planning Department for review. At this time, staff awaits issuance of the permit from Monterey County and is hopeful that the project will be out to public bid within the next month or so.
- **5.** Resurfacing of the North Harbor Parking Lot: The North Harbor Parking lot resurfacing was completed on October 14th by Boyd's Asphalt and the striping of the lot will be completed within the next week or so depending on weather. After Boyd's has finished the stripping this project will be complete and will be removed from future Project Status reports.
