 - Marina operations show a year to date profit of \$36k, which is higher than budgeted by \$103k.
 - Lease and other operating revenues are better than budget by \$71k. The \$71k is largely made up of higher than anticipated property tax revenue (over 48k) and higher lease revenue of \$8k (9k of which is from Monterey Bay Kayak's % rent).
 - Lease and other operating expenses are right in line with budget.
 - Lease and other operations shows a year to date profit of \$368k, which is higher than budget by \$73k.

ITEM NUMBER 5 – COMMUNITY RELATIONS REPORT BOARD MEETING OF FEBRUARY 24, 2016

1. Although the commercial crab season remains closed, the recreational crab fishery was opened to recreational fishing. The SBA Office of Disaster Assistance received a disaster declaration and set up in the Harbor District Board room for two days to offer low interest loans to crabbers. Many of our tenants applied for the loans. I have been working with the Monterey County Economic Development Director on having a federal disaster declared by the Secretary of Commerce which would result in more financial assistance to commercial crabbers.
2. The GM wrote a letter of support for Moss Landing Boat Works (formerly Gravelle's Boatyard, now owned by Gregg Marine) for a federal small shipyard grant with which they intend to upgrade their travel lift to accommodate much larger vessels. This would be beneficial to Harbor slipholders as well as others in the boating community.
3. The GM met with the Monterey Harbor Master to discuss the MBNMS management plan update.
4. The GM and Assistant GM met with a representative of the Pacific Fishery Management Council to provide input on the groundfish catch shares that came into being in January 2011; we opined that they have been detrimental by allowing the permits to be sold at-large rather than locally and moreover, that the catch share quotas won't work until they inform sea lions that they've reached their quotas.
5. The GM participated in a conference call with the MBNMS regarding the NEPA aspect of the People's Desai Project.
6. We are pleased to have hired Mike Dixon to join the Operations crew for Salmon Season. If you have an opportunity, welcome Mike to the Harbor.

ITEM NUMBER – 19 – North Harbor Erosion Emergency - UPDATE
BOARD MEETING OF FEBRUARY 24, 2016

Erosion at the North harbor visitor dock/wharf access was so extensive following a severe storm that last month the Board adopted Resolution 16-01 declaring it an emergency.

The Resolution the Board adopted stated, in part, "Staff and the Board shall review the status of the emergency and all emergency actions taken at the Board's next regularly scheduled meeting, and at every regularly scheduled meeting thereafter, to determine whether the emergency and all work commenced in response thereto can be terminated."

Our marine engineer Paul Roberts has conducted a survey, prepared drawings, and applied for emergency permits from the CCC and the County of Monterey which have been issued. As of this writing, we are awaiting word from the Army Corps of Engineers to determine whether or not they have any permitting jurisdiction since the repairs will take place above the Mean High Water line (the boundary of its jurisdiction). The bank continues to erode, rapidly during the storms, and this continues to be an emergency and continues to be a matter of public safety.

Paul had told us last month that he believes working on the project with all urgency will still take 6 weeks to put construction drawings in the hands of a contractor and we are on target with that timeline.

Based on the observation and opinion of our engineering consultant and what can be seen with the naked eye, it is evident that the condition of the wharf area continues to be an emergency and work on the project should not be terminated.

The Board should indicate on the record by simple consensus that emergency conditions continue to exist and that the provisions of Resolution 16-01 should continue in full force and effect.

ITEM NUMBER – 20 – B Dock Emergency Finger Repair Project - UPDATE
BOARD MEETING OF FEBRUARY 24, 2016

Following severe storms in January some of the fingers on B dock began breaking apart; the District's engineering consultant advised staff that immediate steps need to be taken to remove and replace the 7 fingers on the channel side in order to avoid serious safety issues and potential hazards to navigation. As a result, at the January Board meeting the Board adopted Resolution 16-02 declaring it an emergency project.

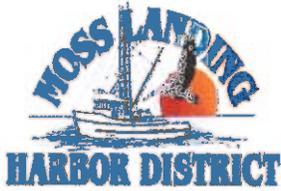

The Resolution the Board adopted stated, in part, "Staff and the Board shall review the status of the emergency and all emergency actions taken at the Board's next regularly scheduled meeting, and at every regularly scheduled meeting thereafter, to determine whether the emergency and all work commenced in response thereto can be terminated."

Our marine engineer Paul Roberts has conducted a survey, prepared drawings, and coordinated with engineers at Kie-Con Inc. a local floating dock company, who have prepared design drawings and are moving forward with the manufacture, curing and installation of the fingers. Staff monitors the area on B Dock several times a day and keeps a log of these inspections. Several minor temporary repairs have been made to ensure no hazards to navigation occur, and the area has been barricaded to prevent access.

The engineer continues to confirm the urgency of replacing the fingers immediately, as additional El Niño storms and strong winds, which are predicted to continue, will undoubtedly cause further severe damage. Based on these opinions as well as staff's physical observation of the fingers, this continues to be an emergency and work on the project should not be terminated.

The Board should indicate on the record by simple consensus that emergency conditions continue to exist and that the provisions of Resolution 16-02 should continue in full force and effect.

ITEM NUMBER 22 – Santa Cruz Cannery Building Lease Amendment BOARD MEETING OF FEBRUARY 24, 2016

John Battendieri, Founder and President of Running Stream Food and Beverage Inc., has indicated he intends to renew his lease for 570 sf of space in the Santa Cruz Cannery Building. He is requesting that the five year option to renew be amended to a one year option due to future economic uncertainty of the industry.

Mr. Battendieri has been a more than satisfactory tenant. Running Stream Food and Beverage provides development and marketing for the sustainable seafood industry and provides support to commercial fishing in Moss Landing, the Central Coast and across the country. The company is known worldwide.

Staff recommends the Board adopt Resolution No. 16-07 authorizing the General Manager to execute a lease amendment as described subject to review and approval of District Counsel.

ITEM NUMBER 23 – Notice of CEQA Exemption for Prop 1 Grant Application BOARD MEETING OF FEBRUARY 24, 2016

The California Marine Sanctuary Foundation (CMSF) in coordination with the Department of Boating and Waterways contacted the Harbor District to inform us that they were exploring developing a proposal for Prop 1 funding for multiple harbors across the State for water quality improvement devices. CMSF is serving as the overall project coordinator and applicant for this grant, and individual harbors and projects would have ear marked funds for site projects and would also be responsible for operation and maintenance of these projects.

We responded that our bilge pumpout facility needs to be replaced/upgraded. CMSF submitted to the Ocean Protection Council (OPC) an application for the Prop 1 funding for various projects at 13 harbors throughout the State, including the bilge pumpout facility and 4 cigarette butt receptacles at Moss Landing Harbor.

The proposal requires CEQA compliance at each project location. Because we are only adding minor structures (cigarette butt receptacles) and replacing an existing structure, we are categorically exempt from CEQA.

Attached is a Notice of Exemption reflecting the categorical exemptions for this project. Staff recommends the Board authorize the General Manager to submit the Notice of Exemption in furtherance of the Prop 1 Grant Application.

STAFF REPORT

ITEM NUMBER 24 – Resolution No. 16-08 Amending Meal Reimbursement Policy BOARD MEETING OF FEBRUARY 24, 2016

The Harbor District's meal reimbursement policy contained in the Personnel Policies has not been updated since 1997. We currently allow \$6, \$8 and \$15 for breakfast, lunch and dinner respectively. We calculated CPI for the past 18 years to arrive at today's numbers. They turned out to be generally the same as the US Government Services Administration (GSA) table which is currently \$11, \$12 and \$23 including tax and tip.

The GSA table is used by the County of Monterey and other governmental agencies and is similar to allowing mileage reimbursement based on the IRS mileage reimbursement table. These tables are updated annually to reflect current costs.

Staff proposes that we allow meal reimbursement based on GSA rates as the same may change from time to time so we don't have to calculate CPI every year (or every 18 years!)

Staff recommends that the Board adopt Resolution No.16-08 amending the meal reimbursement policies of the District.

POLICIES AND PROCEDURES NO. 4.2.1

Meals - District Employees may be reimbursed based on the current GSA rates as the same may change from time to time for actual costs incurred for meals that are 1) ordinary (not extravagant), 2) directly related or associated with bona fide District business matters, and 3) for which receipts have been provided or, if no receipts, no more than the maximum per diem. Employee will be reimbursed at the lower of either the appropriate per diem or the actual expense. Meal reimbursements are to be itemized unless Employee opts for a Per Diem (without receipt) Meal reimbursement.

As of March 2016 the Per Diem rates including tax and tip are:

Breakfast	\$ 11.00 6.00
Lunch	\$ 12.00 8.00
Dinner	\$ 23.00 15.00
